

## **THE BUM DOCTOR'S TALE OF A TROUBLED TUSH**

Your butt is itching, your tush is a blaze  
Scratching's a must, it goes on for days  
It's driving you crazy somewhat insane  
The itching, the burning, it's affecting your brain  
To remedies you turn, and grab all you can gather  
Suppositories in the rear, ointments to slather  
Nothing is working so who do you see?  
Well a proctologist of course, yes that's **ME!**  
A proctologist, ouch, that will hurt too much  
I hear what you say which is why I offer a soft touch  
Millions of people suffer, no you're not alone  
So hurry, yes hurry, and pick up the phone  
Before things get desperate and you start to feel dire  
Call my office today and let me put out the fire  
Dr. David Rosenfeld is a board certified colorectal surgeon and proctologist (bum  
Doctor)
