

### **VALENTINES DAY CARD LIMERICK**

It's an honor that you refer patients, whose butts are on fire.  
I am so grateful you thought of me, in their time of dire.  
As a proctologist, there is no holiday which celebrates "the fart".  
So it is on Valentine's day that I give thanks from the BOTTOM of my heart.  
Oh the cookies, brownies and candy will make you elated.  
So take extra fiber and water so as not to get constipated.  
And remember my office is just a hop skip and a jump.  
So please think of me when your patients complain of a lump in their rump.

Happy Valentine's Day

Dr. Rosenfeld and Staff
